## Calculating Gross Pay Worksheet 1

### Hourly

1. Kim works for an hourly rate of 11.50. This week Kim worked 37 hours. What is Kim's gross pay for this week?
2. Paul worked 38.5 hours last week for \$17.00 an hour. What is his gross pay for the week?
3. Jen works as a secretary for a local business. She is paid \$11.50 per hour. She gets paid overtime (time and a half) for all hours over 40. Last week she worked 46 hours. What is her gross pay for the week?
4. George earns an hourly rate of \$15.75 for a 40-hour week. He receives double-time for weekend work. This week he worked his regular 40 hours plus 8 hours on Saturday. Calculate his gross pay.
5. Vicki is paid \$9.50 an hour for a regular 35-hour week. She receives overtime pay for any hours above this each week. This week Vicki worked 41 hours. What is her gross pay?
6. Braxton is paid \$28 per hour for his job an office manager. He is paid overtime for all hours worked over 40. What is his gross pay if he worked 52 hours last week?

### Piecework

1. Elizabeth does silk-screening on t-shirts. She is paid \$0.75 per shirt. What is her total pay if she screens 264 shirts?
2. Ava picks strawberries. She is paid \$0.25 per quart. How much does she get paid if she picks 964 quarts?

3. Malachi delivers newspapers as a part-time job. He is paid \$0.10 for each daily paper, Monday-Saturday, and .30 for each Sunday paper. He delivers 157 daily papers and 195 Sunday papers. What is his total pay for the week?
4. Debbie runs a carpet-cleaning service. She charges \$25.99 per room. Last week she cleaned two rooms in one house, three in another house, and four in a third house. What was her total pay?
5. Sharon transcribes for people (types what they say). She charges \$1.75 per page for double-spaced pages and \$3.25 per page for single-spaced pages. How much total pay would she receive for a 24-page double-spaced report and a 17-page single-spaced report?

### **Salary**

1. Chelsea's gross pay is \$750 weekly. What is her annual salary?
2. Chris makes \$55,000 a year. He is paid bi-weekly. What is his gross pay per pay period?
3. Cierra earns \$47,800 a year. She is paid semi-monthly. What is her gross pay per period?
4. Trent's current salary is \$24,700 annually. He is going to receive a raise where he will be making \$27,600 annually. Once Trent receives the raise, how much more will he be making per week?
5. Piper is making \$1275 per week at her current job. She is offered a job where she would be paid \$2,800 semi-monthly. Will Piper make more money at the new job? If so, how much?
